# BILLY CHILDS QUARTET

## "THE WINDS OF CHANGE"

***Special guest, Sean Jones, trumpet***

Hans Glawischnig, bass

Christian Euman, drums

The iconic pianist and composer will release his third album on the Mack Avenue label, "The Winds of Change." With sixteen Grammy nominations and five Grammy wins, Billy is often overlooked as one of the greatest pianists in jazz today. His unique compositions for ensembles both big (full orchestras, large chamber groups) and small (string quartets, wind quintets and his own groups) are often more celebrated than his prowess as a jazz pianist. With "Winds of Change" Billy not only displays his incredible compositions but his abilities as a wonderful soloist.

It's high time to book Billy Childs at the pinnacle of his career!
